## STAND MIXER

### ICE CREAM MAKER ATTACHMENT

MODEL KICA

#### UNIQUE

Convert any KitchenAid® Stand Mixer into an ice cream maker with this unique attachment. Simply store the unique Freeze Bowl in the freezer for a minimum of 15 hours, then make up to **2 quarts** of frozen desserts in 20-30 minutes. The Ice Cream Maker Attachment produces a variety of frozen desserts, as well as fresh, pure soft-consistency ice cream. If hard ice cream is preferred, the ice cream will harden when stored in an airtight container for 2-4 hours in the freezer. The KitchenAid® Ice Cream Maker Attachment's 2-quart capacity offers the **largest** stand mixer attachment **bowl capacity** in the industry, and its open design allows for easy addition of ingredients.

#### INNOVATIVE

Specially formulated liquid inside the double walls of the Ice Cream Maker Freeze Bowl provides **thorough, even freezing** of frozen dessert and ice cream batter throughout the mixing process. The Dasher rotates inside the Freeze Bowl to spread, scrape, and mix the batter.

#### ADAPTABLE

The Ice Cream Maker is **designed to fit all KitchenAid® household Stand Mixers**. Both the Freeze Bowl and the Drive Assembly are designed to work with all KitchenAid® household Stand Mixer models and styles.

FOR THE WAY IT'S MADE.™

# KITCHENAID® ICE CREAM MAKER ATTACHMENT

## ENJOY FRESH, PURE HOMEMADE ICE CREAM

### ICE CREAM MAKER ATTACHMENT

Once the freeze bowl has been charged in a freezer for at least 15 hours, the Ice Cream Maker produces up to 2 quarts of soft-consistency ice cream and other frozen desserts. Soft ice cream can be hardened in an airtight container in the freezer within 2-4 hours.

### ICE CREAM MAKER FREEZE BOWL

The KitchenAid® Ice Cream Maker Attachment's 2-quart capacity offers the largest stand mixer attachment bowl capacity in the industry. The bowl is charged when stored in an ordinary household freezer. Once completely frozen, liquid within the double walls of the Freeze Bowl provides thorough, even freezing of frozen dessert and ice cream batter throughout the mixing process.

### ICE CREAM MAKER DRIVE ASSEMBLY AND DASHER

The Drive Assembly attaches to the motor head to engage with and drive the Dasher. The Dasher rotates inside the Freeze Bowl to spread, scrape, and mix ice cream batter.

### FREEZE BOWL ADAPTER RING

The Adapter Ring attaches to the bottom of the Freeze Bowl to fit select Tilt-Head Stand Mixers.

### INSTRUCTION GUIDE AND RECIPES

Guide gives detailed instructions for assembling, using, and cleaning the Ice Cream Maker Attachment. The guide also provides tips for making perfect ice cream as well as recipes for ice cream batters for French Vanilla, Fresh Strawberry, Cookies 'n Cream, Caramel Pecan, and Triple Chocolate Ice Creams; Peach and Fresh Pineapple Sorbets; and Minted Mango Sherbet.

### EASY TO USE

The Ice Cream Maker is powered by the Stand Mixer. Just turn on the mixer, pour in the batter, and let the Dasher and Freeze Bowl do the work.

### EASY TO CLEAN

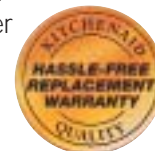

The Freeze Bowl must be hand-washed with warm water and mild detergent; it cannot be washed in the dishwasher. The Dasher, Drive Assembly, and Freeze Bowl Adapter Ring are dishwasher-safe.

### VERSATILE

The KitchenAid® Ice Cream Maker Freeze Bowl is designed to fit all KitchenAid® household Stand Mixers; the Freeze Bowl Adapter Ring is required in order to fit select models. The Drive Assembly is designed to adapt to all KitchenAid® household Stand Mixer models to drive the Dasher.

### HASSLE-FREE REPLACEMENT WARRANTY

If the KitchenAid® Ice Cream Maker Stand Mixer Attachment fails within the first year, KitchenAid will deliver a replacement free of charge. *It's the most consumer-friendly warranty in the industry!*
