

Frozen Drinks As Simple As

1 POUR in drink ingredients. Go ahead - add fresh, frozen fruit or ice cream. The PBS has the power to blend and homogenize it all!

2 PRESS THE BUTTON allowing you to select one, two, three or four drinks. Special blending operations give you options for blending other ingredients.

3 SHUTS OFF AUTOMATICALLY
It only takes a few seconds to serve a consistently perfect frozen drink.

FOODSERVICE

Portion Blending System®

Advantages you can count on

Vita-Mix thoroughly blends frozen drinks to a fine consistency (left), doesn't just stir them (right). You can taste the difference. Drinks are blended, not just stirred, but homogenized.

The PBS ice bin holds over 5 gallons of ice—meaning less frequent fill-ups! Uniquely designed ice bin keeps ice from solidifying.

Buttons click into place and correspond to the number of drinks being made. Countdown timer lets user see seconds remaining and keeps track of machine usage.

Pop-off splash guard allows for easy addition of mix or other ingredients.

Portion Blending System Features:

- **FAST!** One-button simplicity - programmed to make up to 4 drinks (60 oz.) at one time. Or modify the pre-set programming to fit your needs-right from the touch pad.
- **PRECISE!** Holds 5 gallons of ice and dispenses exact amounts of shaved ice by weight for a perfect drink every time.
- **VERSATILE!** Use any mix with ice plus an ingredients to create perfectly blended frozen drinks.
- **RELIABLE!** Designed and built for worry-free operation. No technicians or tools needed for adjustments or cleaning. No calibration, ever!
- **EASY!** State-of-the-art electronics are the way to go.

Leading Features and Benefits:

- Makes up to 4 drinks at once (60 oz.)
- Buttons A & B available for specialty fresh, frozen fruit, and ice cream drinks
- "Blend Only" button reconstitutes drinks that have been resting
- "Shave Only" button adds extra ice
- Bright digital display is easy to read from a distance at any angle
- Can be used separately as a variable speed blender for fresh fruit smoothies, shakes, malts...without the ice during the cooler season
- Soft start blender reduces splashing
- Your existing Vita-Mix containers can be used with the PBS
- Safety interlock prevents injury and will not run unless cover is in place
- Includes drain kit with 4' drain hose to accommodate individual installations
